What is Model United Nation (MUN)?

Model United Nations is an academic simulation of the United Nations where students play the role of delegates from different countries and attempt to solve real world issues with the policies and perspectives of their assigned country. Once a team has registered for a conference, it receives a country to represent.

How Model UN helpful?

Model UN conferences are opportunities to practice research, public speaking, teamwork, negotiation, and writing skills in a safe and structured environment. In order to work, the debate requires different people to fill different roles. As representative of a country, you will make a decision as a leader.

Preparing and participating in a MUN helps students develop leadership skills, research, writing, public speaking, and problem-solving skills. Moreover, coming up with solutions that are acceptable to a majority of the representatives also inculcates skills of negotiation, conflict resolution, and cooperation.

Congratulations!

We're very excited that you will be doing Model United Nations at Indore Institute of Law. You are about to embark on a life-changing journey that will help you develop confidence in leading others, a stronger awareness of global issues, and the chance to make new friends from around the world. Model UN is a valuable experience that can help you get into college, find your first job, and become inspired to change the world. And most importantly, M-U-N is F-U-N!
